### **HCC wins ₹204 Crore Hindalco Contract for Pot Shell & Superstructure Fabrication**

**Mumbai, October 10, 2025:** Hindustan Construction Company (HCC) has secured a ₹204 crore contract from Hindalco Industries Limited for the fabrication, supply, and erection of pot shell and superstructure as part of the Aditya Aluminium smelter expansion project in Odisha.

The project forms a key component of Hindalco's large-scale initiative to enhance its aluminium smelting capacity by 200,000 tonnes per annum. HCC's advanced fabrication expertise and execution capabilities will be instrumental in delivering this complex, large-scale industrial project to international standards.

The new contract reinforces HCC's growing presence in specialised private sector projects. It also reaffirms the company's commitment to supporting India's industrial growth through innovation, technical excellence, and execution reliability.

With decades of proven experience, HCC has established itself as a leading industrial solutions provider, delivering a wide range of projects including process plants, ancillary buildings, factories, and workshops. The company is known for setting up tailor-made fabrication facilities on project sites to address complex and highly specific client needs.

#### **About HCC**

HCC is a business group developing and building responsible infrastructure through next practices. With an engineering heritage of nearly 100 years, HCC has executed a majority of India's landmark infrastructure projects, having constructed 26% of India's Hydro Power generation and 60% of India's Nuclear Power generation capacities, over 4,036 lane km of Expressways and Highways, more than 402 km of complex Tunnelling and 403 Bridges. Today, HCC serves the infrastructure sectors of Transportation, Power and Water.
