To the Board of Directors of Hindustan Construction Company Limited

Qualified Opinion

- 1. We have audited the accompanying standalone annual financial results ('the Statement') of Hindustan Construction Company Limited ('the Company') for the year ended 31 March 2020, attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 and Regulation 52 read with Regulation 63 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) ('Listing Regulations'), including relevant circulars issued by the SEBI from time to time. Attention is drawn to the fact that Note 2 to the Statement regarding 'total balance value of work on hand as at 31 March 2020', as included in the Statement has been approved by the Board of Directors but has not been subjected to audit or review.
- In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors as referred to in paragraph 14 below, the Statement:
 - (i) presents financial results in accordance with the requirements of Regulation 33 and Regulation 52 read with Regulation 63 of the Listing Regulations, except for the effects / possible effects of the matters described in paragraph 3 below; and
 - (ii) gives a true and fair view in conformity with the applicable Indian Accounting Standards ('Ind AS') prescribed under Section 133 of the Companies Act, 2013 ('the Act'), read with relevant rules issued thereunder, and other accounting principles generally accepted in India, of the standalone net loss after tax and other comprehensive loss and other financial information of the Company for the year ended 31 March 2020 except for the effects / possible effects of the matters described in paragraph 3 below.

Basis for Qualified Opinion

- 3. As stated in:
 - (i) Note 5 to the accompanying Statement, the Company has accounted for managerial remuneration paid / payable to Whole Time Directors (including Chairman and Managing Director) of the Company aggregating ₹ 30.97 crore for the financial years ended 31 March 2015, 31 March 2016 and 31 March 2020 in excess of the limits prescribed under Section 197 of the Act, in respect of which approvals from the shareholders have been obtained as prescribed, however prior approval from the lenders of the Company in accordance with Section 197 has not been obtained by the Company. Independent Auditor's Report on Standalone Annual Financial Results of the Company Pursuant to the Regulation 33 and Regulation 52 read with Regulation 63 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended)

(ii) Note 7 to the accompanying Statement, the Company's non-current borrowings, other non-current financial liabilities and other current financial liabilities as at 31 March 2020 include balances amounting to ₹ 165.55 crore, ₹ 591.04 crore and ₹ 336.82 crore respectively, in respect of which direct confirmations from the respective banks / lenders have not been received. Further, in respect of certain loans while the principal balances have been confirmed, the interest accrued amounting to ₹ 42.76 crore has not been confirmed by the banks / lenders. These balances have been classified into current and non-current, basis the original maturity terms stated in the agreements which is not in accordance with the terms of the agreements relating to the implications in the event of default. Further, direct confirmations from banks have not been received for earmarked balances (included under bank balances other than cash and cash equivalents) and guarantees issued by banks on behalf of the Company as at 31 March 2020 amounting to ₹ 5.46 crore and ₹ 76.93 crore, respectively.

In the absence of such direct confirmations from the banks / lenders or sufficient and appropriate alternate audit evidence, we are unable to comment on the adjustments and changes in classification of balances in accordance with the principles of Ind AS 1, Presentation of financial statements, if any, that may be required to the carrying value of the aforementioned balances in the accompanying Statement.

- (iii) Note 10 to the accompanying Statement, the Company has recognised deferred tax assets (net) amounting to ₹ 437.08 crore outstanding as at 31 March 2020, on account of carried forward unused tax losses, unused tax credits and other taxable temporary differences which are continued to be recognised by the Company on the basis of expected availability of future taxable profits for utilization of such deferred tax assets. However, in view of the continued losses incurred by the Company and the impact of COVID-19 on business operations, we are unable to obtain sufficient appropriate audit evidence with respect to the current projections prepared by the management and therefore, are unable to comment on any adjustments that may be required to the carrying value of aforesaid deferred tax assets as at 31 March 2020.
- (iv) Note 11(b) to the accompanying Statement, the Company has written back a loss provision aggregating ₹ 331.40 crore in the quarter ended 31 December 2019, which was earlier recognised by the Company during the year ended 31 March 2019 in cognizance of the assignment of beneficial interests / rights in a portfolio of identified arbitration awards and claims based on a non-binding term sheet with a consortium of investors along with a letter of commitment, due to cancellation of the said proposed transaction. However, such write-back is inconsistent with the continued intent of the Company to sell / assign the arbitration awards and claims of the Company to other potential investors on similar terms as evidenced in the proposed resolution plan with lenders. Accordingly, had the loss provision not been written back, exceptional gain would have been lower by ₹ 331.40 crore, loss before tax would have been higher by ₹ 331.40 crore, tax expense would have been lower by ₹ 115.80 crore and net loss for the year ended 31 March 2020 would have been higher by ₹ 215.60 crore. Our review report dated 6 February 2020 on the standalone financial results for the quarter ended 31 December 2019 was also qualified in respect of this matter.
- 4. We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Statement section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('the ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us and that obtained by the other auditors in terms of their reports referred to in paragraph 14 of the Other Matter section below, is sufficient and appropriate to provide a basis for our qualified opinion.

Independent Auditor's Report on Standalone Annual Financial Results of the Company Pursuant to the Regulation 33 and Regulation 52 read with Regulation 63 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended)

Material Uncertainty Related to Going Concern

5. We draw attention to Note 9 of the accompanying Statement which indicates that the Company has incurred a net loss of ₹ 168.72 crore during the year ended 31 March 2020 and, as of that date, the Company's accumulated losses amounts to ₹ 1,767.57 crore which have resulted in substantial erosion of net worth of the Company and the current liabilities have exceeded its current assets by ₹ 2,107.98 crore as at 31 March 2020. As further disclosed in aforesaid note, the Company has defaulted in repayment of principal and interest in respect of its borrowings and has overdue operational creditors outstanding as at 31 March 2020. Certain operational creditors have also applied to the National Company Law Tribunal ('NCLT') for the debt resolution under the Insolvency and Bankruptcy Code. 2016, which have not been admitted by the NCLT for further proceedings as of the date of this report. The above factors, together with uncertainties relating to the impact of the ongoing COVID-19 pandemic on the operations of the Company as described in Note 8 to the Statement, indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. However, based on ongoing discussion with the lenders for restructuring of loans, revised business plans and other mitigating factors as mentioned in the Note 9, management is of the view that going concern basis of accounting is appropriate for preparation of the accompanying Statement. Our opinion is not modified in respect of this matter.

Emphasis of Matters

- 6. We draw attention to:
 - (i) Note 8 to the accompanying Statement, which describes the effects of uncertainties relating to COVID-19 pandemic outbreak on the Company's operations and management's evaluation of its impact on the accompanying Statement as at the balance sheet date, the extent of which is significantly dependent on future developments.
 - (ii) Note 3 to the accompanying Statement, regarding the Company's non-current investment (including deemed investment) in a subsidiary company, HCC Infrastructure Company Limited, aggregating ₹ 1,574.90 crore as at 31 March 2020. The consolidated net-worth of the aforesaid subsidiary is fully eroded; however, based on certain estimates and other factors, including subsidiary's future business plans, growth prospects, valuation report from an independent valuer and expected outcome of the negotiation / discussion / arbitration / litigations and legal advice in respect of certain claims, as described in the said note, management believes that the realizable amount is higher than the carrying value of the non-current investment due to which this is considered as good and recoverable.
 - (iii) Note 4 to the accompanying Statement, regarding uncertainties relating to recoverability of unbilled work-in-progress (other current assets), non-current trade receivables and current trade receivables amounting to ₹ 805.60 crore, ₹ 293.08 crore and ₹ 395.91 crore, respectively, as at 31 March 2020, which represent various claims raised in the earlier years in respect of projects substantially closed or suspended and where the claims are currently under negotiations / discussions / arbitration / litigation. Based on legal opinion / past experience with respect to such claims, management is of the view that the aforementioned balances are fully recoverable.
- (iv) Note 6 to the accompanying Statement in relation to the rectification of the method of measuring the progress towards satisfaction of performance obligation for revenue recognition from output method to input method. Consequent to the aforementioned rectification and the resultant change in accounting policy, the Company has restated the comparative financial information as at 1 April 2018, for the quarter ended 31 December 2019, and for the quarter and year ended 31 March 2019 included in the accompanying Statement, in accordance with the requirements of Ind-AS 8 'Accounting Policies, Changes in Accounting Estimates and Errors'.

Our opinion is not modified in respect of the above matters.

Independent Auditor's Report on Standalone Annual Financial Results of the Company Pursuant to the Regulation 33 and Regulation 52 read with Regulation 63 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended)

Responsibilities of Management and Those Charged with Governance for the Statement

- 7. This Statement has been prepared on the basis of the standalone annual audited financial statements and has been approved by the Company's Board of Directors. The Company's Board of Directors is responsible for the preparation and presentation of the Statement that gives a true and fair view of the net profit/loss and other comprehensive income and other financial information of the Company in accordance with the accounting principles generally accepted in India, including Ind AS prescribed under Section 133 of the Act, read with relevant rules issued thereunder and other accounting principles generally accepted in India, and in compliance with Regulation 33 and Regulation 52 read with Regulation 63 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Statement that gives a true and fair view and is free from material misstatement, whether due to fraud or error.
- 8. In preparing the Statement, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern, and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
- 9. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Statement

- 10. Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing, specified under section 143(10) of the Act, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Statement.
- 11. As part of an audit in accordance with the Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has in place adequate internal financial controls with reference to financial statements and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

Independent Auditor's Report on Standalone Annual Financial Results of the Company Pursuant to the Regulation 33 and Regulation 52 read with Regulation 63 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended)

- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Statement, including the disclosures, and whether the Statement represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Company to
 express an opinion on the Statement. We are responsible for the direction, supervision and

 performance of the audits carried out by them. We remain solely responsible for our audit opinion

Notes:

- 1 The Company is engaged in a single business segment viz. "Engineering and Construction", which is substantially seasonal in character. Further, the Company's margins in the quarterly results vary based on the accrual of cost and recognition of income in different quarters due to nature of its business, receipt of awards / claims or events which lead to revision in cost to completion. Due to this reason, quarterly results may vary and may not be indicative of annual results.
- 2 The total balance value of work on hand as at 31 March 2020 is ₹ 16,857 crore (31 March 2019: ₹ 18,554 crore).
- 3 The Company, as at 31 March 2020, has non-current investments amounting to ₹ 1,574.90 crore in its subsidiary, HCC Infrastructure Company Limited (HIL) which is holding 85.45% in HCC Concessions Limited (HCL) having various Build, Operate and Transfer (BOT) SPVs under its fold. While HIL has incurred losses and consolidated net-worth as at 31 March 2020 has been fully eroded, the underlying projects are expected to achieve adequate profitability on substantial completion. The net-worth of this subsidiary does not represent its true market value as the value of the underlying investments / assets, based on valuation report of an independent valuer, is higher. Further BOT SPV's have several claims including favorable arbitration awards against its customers mainly in respect of cost- overrun arising due to client caused delays, termination of contracts and change in scope of work which are under various stages of negotiation / discussion with clients or under arbitration induced that be able legally advised that it has good case on merits. Therefore, based on certain estimates like future business plans, growth prospects as well as considering the contractual tenability, progress of negotiation / discussion / arbitration / litigations and legal advice, the management believes that the realizable amount of the subsidiary is higher than the carrying value of the non-current investments due to which these are considered as good and recoverable.
- 4 Unbilled work-in-progress (Other current assets)', 'non-current trade receivables' and 'current trade receivables' include ₹ 805.60 crore, ₹ 293.08 crore and ₹ 395.91 crore, respectively, outstanding as at 31 March 2020 which represent various claims raised earlier, based on the terms and conditions implicit in the contracts and other receivables in respect of closed / suspended projects. These claims are mainly in respect of cost over-run arising due to client caused delays, suspension of projects, deviation in design and change in scope of work; for which Company is at various stages of negotitation / discussion with the clients or under arbitration / litigation. Considering the contractual tenability, progress of negotiations / discussions / arbitration / litigations and as legally advised, the management is confident of recovery of these receivables.
- 5 Pursuant to notification of the Companies (Amendment) Act, 2017 with effect from 12 September 2018, amending Section 197 of the Companies Act, 2013 ('the Act'), the Company's application to the Ministry of Corporate Affairs for approval in respect of managerial remuneration of Chairman and Managing Director (CMD) accrued / paid in excess of the prescribed limit for the financials years 2014-15 and 2015-16 stands abated. 6 During the current quarter, the Company has changed the method of measuring progress i.e. from output method to input method as specified in Ind-AS 115 – 'Revenue from Contract with Customers' consequent to change in the circumstances including change in the nature of contracts secured by the Company during recert years. Management believes that input method, a method widely also used by most other engineering and construction companies, would be more reliable and relevant in measuring the progress of the projects and therefore also be more accurate on a comparative basis in measuring the Company's performance in transferring control of goods and services promised to the customers until completion of the contracts. Pursuant to the impact of this change in method, the Company has restated the comparative financial statements/ information for the quarter ended 31 December 2019 and quarter and year ended 31 March 2019, in accordance with the requirements of Ind-AS 8 - 'Accounting Policies, Changes in Accounting Estimates and Errors'. Retained earnings (other equity) as at 1 April 2018 within the statement of changes in equity has also been restated to adjust the impact of such adjustments relating to prior periods/years. The management has taken into account the possible impacts of known events, upto the date of the approval of these financial results, arising from COVID-19 pandemic on the carrying value of the assets and liabilities as at 31 March 2020. However, there exists significant estimation uncertainty in relation to the future impact of COVID-19 pandemic on the Company and, accordingly, the actual impact in the future may be different from those presently estimated. The Company will continue to monitor any material change to the future economic conditions and consequential impact on the financial results.
- 9 The Company has incurred net loss of ₹ 168.72 crore during the year ended 31 March 2020 and as of that date has accumulated losses aggregating ₹ 1,767.57 crore which has resulted in substantial erosion of its net worth. During the current year, the Company has defaulted on payment to lenders along with overdue to operational creditors. Certain operational creditors have applied before the National Company Law Tribunal (NCLT) for the debt resolution under the Insolvency and Bankruptcy Code, 2016, none of which has been admitted so far. Further, the COVID-19 pandemic has also resulted in temporary suspension of site operations across India, supply chain disruptions, loss of migrant labour and evolving regulation while restarting works has led to material impact on the Company's operations. The above factors indicate that events or conditions exist, which may cast significant doubt on the entity's ability to continue as a going concern. The Company is in process of formulating a resolution plan with lenders. Based on the expectation of the implementation of the resolution gamement is confident of improving the credit profile of the Company, the Management considers it appropriate to prepare these financial results on a going concern basis.
- 10 On 20 September 2019, vide the Taxation Laws (Amendment) Ordinance 2019, the Government of India inserted Section 115BAA in the Income Tax Act, 1961 which provides domestic companies a non-reversible option to pay corporate tax at reduced rates effective 01 April 2019 subject to certain conditions. However, the Company having significant amount of brought forward tax losses and unabsorbed depreciation on which deferred tax asset has been recognised, is still evaluating and has not yet elected to exercise the option permitted under section 115BAA. In view of the above, there is no impact of the new tax rate on the standalone financial results for the current period. During the quarter ended 30 September 2019, the Company had written off deferred tax assets aggregating ₹ 151.30 crore due to expiry of statutory period for setting off underlying losses. As at

Hindustan Construction Company Limited

Independent Auditor's Report on Consolidated Annual Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended)

- (ii) Note 6 to the accompanying Statement, the Holding Company has recognised deferred tax assets (net) amounting to ₹ 437.08 crore outstanding as at 31 March 2020, on account of carried forward unused tax losses, unused tax credits and other taxable temporary differences, which are continued to be recognised on the basis of expected availability of future taxable profits for utilization of such deferred tax assets. However, in view of the continued losses incurred by the Holding Company and the impact of COVID-19 on business operations, we are unable to obtain sufficient appropriate audit evidence with respect to the current projections prepared by the management and therefore, are unable to comment on any adjustments that may be required to the carrying value of aforesaid deferred tax assets as at 31 March 2020.
- (iii) Note 9 to the accompanying Statement, the Group's non-current borrowings, other non-current financial liabilities and other current financial liabilities as at 31 March 2020 include balances amounting to ₹ 171.59 crore, ₹ 591.04 crore and ₹ 337.09 crore, respectively, in respect of which direct confirmations from the respective banks / lenders have not been received. Further, in respect of certain loans while the principal balances have been confirmed, the interest accrued amounting to ₹ 42.76 crore has not been confirmed by the banks / lenders. These balances have been classified into current and non-current, basis the original maturity terms stated in the agreements which is not in accordance with the terms of the agreements relating to the implications in the event of default. Further, direct confirmation from banks have not been received for earmarked balances (included under bank balances other than cash and cash equivalents) and guarantees issued by banks on behalf of the Holding Company as at 31 March 2020 amounting to ₹ 5.46 crore and ₹ 76.93 crore, respectively.

In the absence of such direct confirmations from the banks / lenders or sufficient and appropriate alternate audit evidence, we are unable to comment on the adjustments and changes in classification of balances in accordance with the principles of Ind AS 1, Presentation of financial statements, if any, that may be required to the carrying value of the aforementioned balances in the accompanying Statement.

- (iv) Note 10(b) to the accompanying Statement, the Holding Company has written back a loss provision aggregating ₹ 331.40 crore in the quarter ended 31 December 2019, which was earlier recognised by the Holding Company during the year ended 31 March 2019 in cognizance of the assignment of beneficial interests / rights in a portfolio of identified arbitration awards and claims based on a non-binding term sheet with a consortium of investors along with a letter of commitment, due to cancellation of the said proposed transaction. However, such write-back is inconsistent with the continued intent of the Holding Company to sell / assign the arbitration awards and claims to other potential investors on similar terms as evidenced in the proposed resolution plan with the lenders. Accordingly, had the loss provision not been written back, exceptional gain, profit before tax, tax expense and net profit for the year ended 31 March 2020 would have been lower by ₹ 331.40 crore, ₹ 331.40 crore, ₹ 115.80 crore and ₹ 215.60 crore, respectively. Our review report dated 6 February 2020 on the consolidated financial results for the quarter ended 31 December 2019 was also qualified with respect to this matter.
- (v) Note 11 to the accompanying Statement, Lavasa Corporation Limited ('LCL'), a subsidiary of HREL Real Estate Limited ('HREL') (formerly known as HCC Real Estate Limited), which is a wholly-owned subsidiary of the Holding Company, was admitted under the Corporate Insolvency and Resolution Process ('CIRP') in accordance with the Insolvency and Bankruptcy Code, 2016 ('IBC') on 30 August 2018 and a Resolution Professional was appointed. The Board of Directors of LCL were suspended with effect from 30 August 2018, and the Holding Company and HREL therefore, did not exercise either control or significant influence over LCL from this date onwards. Owing to unavailability of financial statements and / or financial information of LCL and its subsidiaries, associates, jointly controlled entity ('LCL Group') for the period 1 April 2018 to 30 August 2018, the consolidated financial results of LCL Group for the period 1 April 2018 to 30 August 2019, and the assets and liabilities of LCL Group have been derecognized at their respective carrying values as at 31 March 2018 instead of 30 August 2018.

Hindustan Construction Company Limited

Independent Auditor's Report on Consolidated Annual Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended)

The said accounting treatment by the Group was not in compliance with Ind AS 110 - Consolidated Financial Statements. Our opinion on the consolidated financial results for the year ended 31 March 2020 is qualified because of the effects of this matter on the comparability of the current year figures and the corresponding figures for the year ended 31 March 2019. Our opinion dated 9 May 2019 on the consolidated financial results for the year ended 31 March 2019 and our review report dated 6 February 2020 on the consolidated financial results for the quarter ended 31 December 2019 were also qualified with respect to this matter.

4. As given in Note 15 to the accompanying Statement, the following qualification is given by us vide our report dated 27 June 2020 on the consolidated financial statements of HCC Infrastructure Company Limited, a subsidiary of the Holding Company, reproduced as under:

"Note XX to the accompanying Statement, regarding non accrual of interest aggregating ₹ 47.25 crore by HCC Operations and Maintenance Limited (HOML), a subsidiary company, in accordance with terms of the Debenture Sale Purchase (DSP) agreement entered with certain debenture holders for purchase of debentures issued by LCL. Had the subsidiary company provided for interest in accordance with the terms of the aforesaid agreement, net profit of the Group for the year ended 31 March 2020 would have been lower by ₹ 47.25 crore and other financial liabilities would have been higher by ₹ 47.25 crore and the reserves and surplus as at that date would have been lower by ₹ 47.25 crore."

5. We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under section 143(10) of the Act. Our responsibilities under those standards are further described in *the Auditor's Responsibilities for the Audit of the Statement section of our* report. We are independent of the Group, its associates and joint ventures and joint operations, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('the ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act, and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us and that obtained by the other auditors in terms of their reports referred to in paragraphs 16 and 17 of the Other Matters section below, is sufficient and appropriate to provide a basis for our qualified opinion.

Material Uncertainty Related to Going Concern

6. We draw attention to Note 7 to the accompanying Statement which indicates that the Group has accumulated losses amounting to ₹ 3,634.30 crore as at 31 March 2020, which has resulted in full erosion of net worth of the Group and its current liabilities exceeded its current assets by ₹ 2,382.22 crore as on that date. As further disclosed in aforesaid note, the Holding Company has defaulted in repayment of principal and interest in respect of borrowings and has overdue operational creditors outstanding as at 31 March 2020. Certain operational creditors have also applied to the National Company Law Tribunal ('NCLT') for the debt resolution under the Insolvency and Bankruptcy Code, 2016 which have not been admitted by the NCLT for further proceedings as of the date of this report. The above factors, together with the uncertainties relating to impact of the ongoing COVID-19 pandemic on the operations of the Group as described in Note 4 to the accompanying Statement, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. However, based on ongoing discussion with the lenders for restructuring of loans, revised business plans and other mitigating factors as mentioned in the Note 7, management is of the view that going concern basis of accounting is appropriate for preparation of the accompanying Statement.

The component auditors of thirteen (13) subsidiaries, one (1) foreign subsidiary group {comprising of seven (7) step-down subsidiaries, four (4) associates and two (2) joint ventures} and three (3) joint ventures have also reported material uncertainty relating to going concern in their auditor's reports on the respective standalone / consolidated financial statements of such companies / group as at and for the year ended 31 March 2020.

Our opinion is not modified in respect of this matter.

In view of the uncertainty associated with the outcome of the proceedings of CIRP, the resultant obligation in respect of the corporate guarantee and / or put options cannot be measured with sufficient reliability and accordingly have been reported as a Contingent Liability as at 31 March 2020 in accordance with the provisions of Ind AS 37. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates, joint ventures and joint operations, to cease to continue as a going concern.

The above statement of cash flow has been prepared under the "Indirect method" set out in Ind AS 7 - Statement of Cash Flows.

- 1 Hindustan Construction Company Limited (the 'Holding Company') and its subsidiaries are together referred to as 'the Group' in the following notes. These consolidated financial results have been prepared to comply in all material respects with the Indian Accounting Standards (Ind AS') as prescribed under Section 133 of the Companies Act, 2013 (the Act') read with Companies (Indian Accounting Standards) Rules as amended from time to time. The Audit Committee has reviewed these results and the Board of Directors have approved the above financial results at their meetings held on 9 July 2020. Also refer Note 21.
- 2 Unbilled work-in-progress (Other current assets)', 'Non-current trade receivables' and 'current trade receivables' include ₹ 805.60 crore, ₹ 293.08 crore and ₹ 395.91 crore, respectively, outstanding as at 31 March 2020 which represent various claims raised earlier, based on the terms and conditions implicit in the contracts and other receivables in respect of closed / suspended projects. These claims are mainly in respect of cost over-run arising due to client caused delays, suspension of projects, deviation in design and change in scope of work, for which Holding Company is at various stages of negotiation / discussion with the clients or under arbitration / litigations. Considering the contractual tenability, progress of negotiations / discussions / arbitration / litigations and as legally advised, the management is confident of recovery of these receivables.
- 3 The Group, as at 31 March 2020, has a non-current investment amounting to ₹ 321.12 crore in HCC Concessions Limited ('HCL'), a joint venture company of HCC Infrastructure Company Limited ('HCL') (85.45% holding), a wholly owned subsidiary, having various Build, Operate and Transfer (BCT) SPVs under its fold. While consolidated net-worth of HCL as at 31 March 2020 has been partially eroded, the underlying projects are expected to achieve adequate profitability on substantial completion. The net-worth of HCL does not represent its true market value as the value of the underlying investments / assets, based on valuation report of an independent valuer, is higher. Further BOT SPV's also have several claims, including favourable arbitration award against its customers mainly in respect of cost- overrun arising due to client caused delays, termination of contracts and change in scope of work which are under various stages of negotiation / discussion with clients or under arbitration / litigation wherein management has been legally advised that it has good case on merits. Therefore, based on certain estimates like future business plans, growth prospects as well as considering the contractual tenability, progress of negotiation / discussion / arbitration / litigations and legal advice, the management believes that the realizable amount of HCL is higher than the carrying value of the non-current investments due to which these are considered as good and recoverable.
- 4 The outbreak of COVID-19 pandemic had disrupted regular business operations of the Group due to the lock down restrictions and other emergency measures imposed by the Government from time to time. The business operations have recommenced on a limited scale post relaxation of lockdowns. The management has taken into account the possible impacts of known events, upto the date of the approval of these financial results, arising from COVID-19 pandemic on the carrying value of the assets and liabilities as at 31 March 2020. However, there exists significant estimation uncertainty in relation to the future impact of COVID-19 pandemic on the Group and, accordingly, the actual impact in the future may be different from those presently estimated. The Group will continue to monitor any material change to the future economic conditions and consequential impact on the financial results. Similar note is included in the consolidated financial statements of a material foreign subsidiary.
- 5 Pursuant to notification of the Companies (Amendment) Act, 2017 with effect from 12 September 2018, amending Section 197 of the Companies Act, 2013 ('the Act'), the Holding Company's application to the Ministry of Corporate Affairs for approval in respect of managerial remuneration of Chairman and Managing Director (CMD) accrued / paid in excess of the prescribed limit for the financials years 2014-15 and 2015-16 stands abated. The Holding Company, vide resolution dated 10 September 2019, has obtained approval from the shareholders for the payment of remuneration in respect of the aforesaid years to be only given effect to post receipt of the approval of the lenders. Further, on 26 September 2019, the Holding Company in its shareholders' meeting has also obtained approvals vide special resolutions for managerial remuneration of CMD and Whole Time Directors for the year ended 31 March 2020, to be given effect to, only post receipt of the approval of lenders.

The Holding Company has accrued / paid managerial remuneration as detailed below:

Notes

6 On 20 September 2019, vide the Taxation Laws (Amendment) Ordinance 2019, the Government of India inserted Section 115BAA in the Income Tax Act, 1961 which provides domestic companies a non-reversible option to pay corporate tax at reduced rates effective 01 April 2019 subject to certain conditions. During the current year, certain Group companies have elected to exercise the option permitted under section 115BAA. However, the Holding Company, having significant amount of brought forward tax losses and unabsorbed depreciation on which deferred tax asset has been recognised, is still evaluating and has not yet elected to exercise the option permitted under section 115BAA. In view of the above, there is no impact of the new tax rate on the financial results for the current period.

During the quarter ended 30 September 2019, the Holding Company had written off deferred tax assets aggregating ₹ 151.30 crore due to expiry of statutory period for setting off underlying losses. As at 31 March 2020, the Holding Company has continued to recognize net deferred tax assets amounting to ₹ 437.08 crore on account of carried forward unused tax losses, unused tax credits and other taxable temporary differences. Based on the expected profits from the unexecuted orders on hand, outcome of the ongoing discussion with lenders for restructuring of loans and expected settlement of arbitration awards, the Holding Company's management is confident that sufficient future taxable income will be available against which such deferred tax assets will be realized. Statutory auditors report is modified in respect of this matter.

7 The Group has accumulated losses aggregating ₹ 3,634.30 crore as at 31 March 2020, which has resulted in full erosion of its net worth. Further, as of that date, its current liabilities exceeded its current assets by ₹ 2,382.22 crore. During the current year, the Holding Company has defaulted on payment to lenders along with overdue operational creditors. Certain operational creditors have applied before the National Company Law Tribunal ('NCLT') under the Insolvency and Bankruptcy Code, 2016, none of which has been admitted so far. Further, the COVID-19 pandemic has also resulted in temporary suspension of site operations, supply chain disruptions, loss of migrant labours and evolving regulation while resuming operations has led to material impact on the operations of the Holding Company.

Further, in respect of Steiner AG, a material foreign subsidiary group, there are uncertainties consequent to impact of COVID-19 including its impact on budget and liquidity planning as well as uncertainties related to the pending renewal of syndicate revolving guarantee facility agreement which are expiring on 31 August 2020. There are also events or conditions existing in 13 subsidiaries and 3 joint ventures, casting significant doubt on the ability of the these entities to continue to as going concern.

The above factors indicate that events or conditions exist, which may cast significant doubt on the Group's ability to continue as a going concern. The Holding Company and certain group entities are in process of formulating a resolution plan with its lenders. Based on the expectation of the implementation of the resolution plan with lenders, underlying strength of the Group's business plans and future growth outlook as assessed, the management is confident of improving the credit profile of the Group, including through time-bound monetisation of assets including arbitration awards, claims and other assets which would result in it being able to meet its obligations in due course of time. Accordingly, the Management considers it appropriate to prepare these financial results on a going concern basis.

8 During the current quarter, the Group has changed the method of measuring progress i.e. from output method to input method as specified in Ind-AS 115 – 'Revenue from Contract with Customers' consequent to change in the circumstances including change in the nature of contracts secured by the Group during recent years. Management believes that input method, a method widely used by most other engineering and construction companies, would be more reliable and relevant in measuring the progress of the projects and therefore also be more accurate on a comparative basis in measuring the Group's performance in transferring control of goods and services promised to the customers until completion of the contracts. Pursuant to the impact of this change in method, the Group has restated the comparative financial statements / information for the quarter ended 31 December 2019 and quarter and year ended 31 March 2019, in accordance with the requirements of hid AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors'. Retained earnings (other equity) as at 1 April 2018 within the statement of changes in equity has also been restated to adjust the impact of such adjustments relating to prior periods / years.
The impacts of the restatement are a follows:

Further, in respect of non-current borrowings and current borrowings aggregating ₹ 864.23 crore, the lenders have confirmed the principal balance outstanding. However, the accrued interest until 31 March 2020 aggregating ₹ 42.76 crore in respect of these outstanding balances have not been confirmed. In the absence of confirmations / updated statements from the lenders, the Group has provided for interest and other penal charges on these borrowings based on the latest communication available from the respective lenders at the interest rate specified in the agreement. The Group's management believes that amount payable on settlement will not exceed the liability provided in books in respect of these borrowings. Accordingly, classification of these borrowings into current as at 31 March 2020 is based on the original maturity terms stated in the agreements with the lenders.

Further, earmarked balances (included under bank balances other than cash and cash equivalents) and guarantees issued by banks on behalf of the Holding Company as at 31 March 2020 includes balances amounting to ₹ 5.46 crore and ₹ 76.93 crore respectively, in respect of which confirmation / statements from banks have not been received inspite of incessant efforts by Group's management.

- 13 In response to the National Highway Authority of India ('NHAI)'s notice dated 24 August 2017 for 'Intention to Issue Termination Notice' to Baharampore Farakka Highways Limited (BFHL), a subsidiary of HCL, the Independent Engineer has recommended NHAI to withdraw intention to issue termination notice on 26 June 2019. d.	For Audit Qualification (s) where the impact is quantified by the auditor, Management views:	II a) (i) Pursuant to notification of the Companies (Amendment) Act, 2017 with effect from 12 September 2018, amending Section 197 of the Companies Act, 2013 ('the Act'), the Holding Company's application to the Ministry of Corporate Affairs for approval in respect of managerial remuneration of Chairman and Managing Director (CMD)
		aggregating ₹ 17.40 crore accrued / paid in excess of the prescribed limit for the financials years 2014-15 and 2015 16 stands abated. The Holding Company, vide resolution dated 10 September 2019, has obtained approval from the shareholders for the payment of remuneration in respect of the aforesaid years to be only given effect to post receipt of the approval of the lenders. Further, on 26 September 2019, the Holding Company in its shareholders' meeting has also obtained approvals vide special resolutions for managerial remuneration of CMD and Whole Time Directors aggregating ₹ 13.57 crore for the year ended 31 March 2020, to be given effect to, only post receipt of the approval of lenders. Pending receipt of lenders approval, the amounts continue to be accrued / paid held-in-trust. Necessary actions will be made based on the outcome of such approvals.
		II a) (iv) During the quarter ended 31 March 2019, the Holding Company had recognized a provision of ₹ 331.40 crore pursuant to the signing of a non-binding term sheet with a consortium of investors along with a letter of commitment, for an assignment of the beneficial interest in portfolio of identified arbitration awards and claims (ispecified assets) for an aggregate consideration of ₹ 1.750 crore. The said provision continued thereafter in view of mutual extension of the said transaction till 31 December 2019. In the absence of any further extension, the Holding Company had decided to cancel this proposed transaction, which had been reported to and confirmed by statutory auditors. Pursuant to the cancellation of the aforesaid transaction, the provision of ₹ 331.40 crore, related to specified assets, recognized earlier had been written back during the quarter and year ended 31 December 2019 and 31 March 2020, respectively.
		II a) (vi) On 29 September 2017, HCC Operations and Maintenance Limited (HOML), a wholly owned subsidiary of HICL, had signed a Debenture Sale Purchase (DSP) agreement with certain debenture holders for purchase of debentures issued by LCL, in the event of any default for an aggregate consideration of ₹ 138 crore plus interest @ 10.27 % per annum. Pursuant to the above, HOML has till date paid ₹ 21 crore, including ₹ 3 crore paid during the current year, to the aforesaid debenture holders towards these debentures. During the year, vide letter dated 8 August 2019, HOML has received recall notice from the debenture holders for ₹ 185.25 crore due to payment default as per DSP agreement. As at 31 March 2020, there exist a liability in the books (after adjusting advances paid) amounting to ₹ 117 crore attributable to the principal obligation and HOML is in discussion, management believes that that amount payable on settlement will not exceed the liability provided in books in respect of this matter and accordingly interest of ₹ 47.25 crore has been disclosed as contingent liability and not been provided for in the books of accounts as at 31 March 2020.
e.	For Audit Qualification (s) where the impact is not	
	quantified by the auditor: i) Management's estimation on the impact of audit qualification:	Not ascertainable
	ii) If management is unable to estimate the impact, reasons for the same:	II a) (ii) On 20 September 2019, vide the Taxation Laws (Amendment) Ordinance 2019, the Government of India inserted Section 115BAA in the Income Tax Act, 1961 which provides domestic companies a non-reversible option to pay corporate tax at reduced rates effective 01 April 2019 subject to certain conditions. During the current year, certain Group companies have elected to exercise the option permitted under section 115BAA however, the Holding Company, having significant amount of brought forward tax losses and unabsorbed depreciation on which deferred tax asset has been recognised, is still evaluating and has not yet elected to exercise the option permitted under section 115BAA. In view of the above, there is no impact of the new tax rate on the financial results for the current period. During the quarter ended 30 September 2019, the Holding Company had written off deferred tax assets aggregating ? 151.30 crore due to expiry of statutory period for setting off under/ying losses. As at 31 March 2020, the Holding Company has continued to recognize net deferred tax assets amounting to ₹ 437.08 crore on account of carried forward unused tax losses, unused tax credits and other taxable temporary differences. Based on the expected profits from the unexecuted orders on hand, outcome of the ongoing discussion with lenders for restructuring of loans and expected settlement of arbitration awards, the Holding Compay's management is confident that sufficient future taxable income will be available against which such deferred tax assets will be realized.
		March 2020 include balances amounting to ₹ 17.159 crore, ₹ 591.04 crore and ₹ 337.09 crore respectively, in respect of which confirmations / statements from the respective banks / lenders have not been received. Further, in respect of non-current borrowings and current borrowings aggregating ₹ 864.23 crore, the lenders have confirmed the principal balance outstanding. However, the accrued interest until 31 March 2020 aggregating ₹ 42.76 crore in respect of these outstanding balances have not been confirmed. In the absence of confirmations / updated statements from the lenders, the Group has provided for interest and other penal charges on these borrowings based on the latest communication available from the respective lenders at the interest rate specified in the agreement. The Group's management believes that amount payable on settlement will not exceed the liability provided in books in respect of these borrowings. Accordingly, classification of these borrowings into current and non-current as at 31 March 2020 is based on the original maturity terms stated in the agreements with the lenders. Further, earmarked balances (included under bank balances other than cash and cash equivalents) and guarantees issued by banks on behalf of the Holding Company as at 31 March 2020 includes balances amounting to ₹ 5.46 crore and ₹ 76.93 crore respectively, in respect of which confirmation / statements from banks have not been received inspite of incessant efforts by Group's management.
