HCC-OMIL JV wins Rs. 609 crore Nokha Water Supply Project

Mumbai, March 17, 2022: Hindustan Construction Company Ltd. (HCC), in consortium with Om Infra Ltd (OMIL), has been awarded Rs.609 crore contract by Public Health Engineering Department, Govt of Rajasthan, for the construction of the Nokha Water Supply Project to provide Functional Household Tap Connection (FHTC) in Bikaner District. The HCC share in the joint venture is 50%.

The scope of work involves constructing a network of water distribution lines of over 1000 km, including main trunks, cluster distribution and village distribution lines, elevated storage reservoirs, clear water reservoirs, and booster pumping stations at several locations. This network will provide drinking water to 154 villages and two towns (Nokha and Deshnok) of the Bikaner district. The contract also involves operation and maintenance of 10 years.

The Government of India's Jal Jeevan Mission is one of the prime and ambitious Water Infrastructure development programs with contributions from the various State Governments.

About HCC:

HCC is a business group of global scale developing and building responsible infrastructure through next practices. With an engineering heritage of nearly 100 years, HCC has executed a majority of India's landmark infrastructure projects, having constructed 26% of India's Hydro Power generation and 60% of India's Nuclear Power generation capacities, over 4,036 lane km of Expressways and Highways, more than 365 km of complex Tunnelling and 383 Bridges. Today, HCC Ltd. serves the infrastructure sectors of Transportation, Power and Water. The HCC Group, with a group turnover of Rs.8,248 crore, comprises of HCC Ltd., HCC Infrastructure Co. Ltd., and Steiner AG in Switzerland.
